Please include all painkillers, injections, creams, inhalers, eye, ear and nasal preparations, and medicines you buy yourself, including vitamins and herbal medicines.

Stopping medicines before surgery

- Please check these instructions carefully and follow the exact advice given.
- You should take all your other medicines as usual.
- If there is any reason why you should not stop the above medication (for example, new health problems or heart procedure) or if there is any change in medicines since your clinic appointment or you are still unsure what to do, please contact the Pre-Assessment Clinic on 0141 951 5530 (Monday – Friday, 8.45am – 4.45pm) and ask to speak to the Pharmacist.
